geoXMF and GIS Solutions Announce Strategic Reseller Agreement to Deliver Enterprise GIS Performance Products

Longmont, CO, April 7, 2009 --- geoXMF LLC, the leader in enterprise GIS monitoring and performance software and GIS Solutions, Inc. a leading provider of Geographic Information System (GIS) enterprise solution services, announced today the signing of a strategic value-added reseller agreement. This agreement allows GIS Solutions customers to buy geoXMF products directly from GIS Solutions.

In the agreement, the partnership allows geoXMF to broaden its reach into the federal, state and local GIS markets where GIS Solutions services and products are well known.

“GIS Solutions has an excellent reputation in enterprise GIS implementation and services,” said Doran Geise, Vice President, Sales & Marketing, geoXMF LLC. “With GIS performance being an important component of an overall enterprise solution, we're excited to sign GIS Solutions as a strategic value-added reseller and enable their customers to take advantage of these products.”

“We are looking forward to the opportunity to leverage geoXMF products. geoXMF provides innovative solutions for management of enterprise GIS,” stated Tim Johnson, President, GIS Solutions, Inc.

Under the terms of the agreement, GIS Solutions will market and sell XMF Alerter and XMF Accelerator software. XMF Alerter is a complete monitoring solution for Enterprise GIS providing automated real-time verification of map services, spatial databases and overall system response times. XMF Accelerator provides fast, easy enterprise wide search and access to GIS data.
